Dear Mr Wooding

PROPOSED WIND TURBINE AT CLOTWORTHY FARM, COLDRIDGE

Thank you for your letter of 28 October 2011.

Our client is considering the points raised at the meeting both for and against the proposed turbine, however no decision will be made in respect of this site until the New Year as we are concentrating on other sites at present that we are further progressed on.

As we explained at the meeting we are still at a very early stage and need to undertake further studies and consultations regarding this particular site and we will take your comments on board as part of that process.

Kind regards

Yours sincerely

Nicholas C Leaney BSc Hons MRICS FRGS
